Eliminate trouble tickets

Let Advanced Classroom Technologies optimize your classroom technology and help prevent trouble tickets in preparation for day one of instruction. We can help take the pressure off of your already overwhelmed IT staff and save your teachers hours of education technology downtime with customized troubleshooting, maintenance, optimization and management services.

Why choose ACT?

☑ We have spent the last 25 years helping school districts integrate technology in the classroom. It's all we do.

☑ We are certified by the top EdTech industry brands like Smart, Boxlight, Promethean, and Audio Enhancement.

☑ We customize our optimization services around the unique technology usage of each learning environment.
